ASSOCIATES			
Conditions	Associates are invited subject to the PISA Governing Board's satisfaction that they can adhere to PISA technical and quality standards. This can be demonstrated through the expertise and operational experience gained in successfully completing two PISA surveys or other relevant international and regional assessments. The invitation will be valid for as long as the Associate participates in the PISA Survey.		
Fee	Associates contribute fully to the financing of PISA in accordance with a cost sharing formula that has been established for OECD countries in the PGB mandate. Annual fees are composed of a floor contribution, determined by the PGB, plus a flexible component which is calculated on the basis of the OECD principles and rules for determining the scales of contributions by Members other than for Part I of the Budget of the Organisation, using as input statistics the national income data and exchange rates used in the calculation of scales for the previous year.
