What is this questionnaire about?

The student who brought this questionnaire home was selected to participate in the Programme for International Student Assessment (PISA), a research study which focuses on the mathematical, scientific, and reading literacy of students who are 15 years old. The study is organised by the Organisation for Economic Co-operation and Development (OECD) and it surveys students from over 80 different countries.

In Ireland, the Educational Research Centre in Drumcondra is implementing PISA on behalf of the Department of Education.

As part of the study, we are also asking students' parents about:

- Your child's home and family
- Your child's school
- Your child's education
- Your background
- Educational expectations

The information you provide will help us to better understand students' knowledge of and attitudes to literacy. It will also help to develop policies to improve children's education in Ireland.

Your name and other identifying information is not required. Any information collected will be treated in strictest confidence and no individual or family will be identifiable in any publication. When the information is entered into a database, the questionnaires will be disposed of in a secure manner. All your answers will be kept confidential. More details about confidentiality can be found online via the following link: www.erc.ie/pisa/gdpr

This questionnaire should be completed by a parent or guardian (or jointly by all parents or guardians) of the student. To make the wording of the questions simple, the student who brought this questionnaire home is often referred to as 'your child' and parents or guardians are often referred to as 'parents.'

We ask you to respond to all the questions you feel comfortable answering. There are no right or wrong answers: pick the responses that suit you best.
